Our Organization

VISION
FamilyForward leads the community in providing innovative solutions for advancing safer, healthier relationships for children and families.

MISSION
FamilyForward moves vulnerable children in the direction of hope by delivering comprehensive therapeutic and educational services to support biological, foster, and adoptive families.

FOUNDED
FamilyForward is the result of a 2017 merger between two of St. Louis’ most accomplished and leading-edge non-profit organizations, Children’s Home Society of Missouri and Family Resource Center. With long and proud histories of helping children and families, the agencies united from positions of strength to better serve the community. FamilyForward is transforming the way we understand the effects of childhood trauma.

How We Help

DEFINING THE NEED
During fiscal year 2019, 19,485 children in the St. Louis area were reported to the Missouri Child Abuse and Neglect Hotline.

MAKING AN IMPACT
8,520 children, their families, and community members were served by FamilyForward in 2019.

METHODS
The agency’s overarching philosophy is based in the Neurosequential Model of Therapeutics (NMT), developed by Dr. Bruce Perry. NMT is a trauma-informed, developmentally sensitive approach to understanding the impact of a child’s history on current functioning. Guided by NMT, FamilyForward’s comprehensive services support the child, family, and broader community.

Services for Children and Families

TRAUMA ASSESSMENT AND PSYCHOLOGICAL EVALUATION
- Trauma-informed, developmentally sensitive approach to understanding the impact of a child’s history on current functioning
- Individualized recommendations to support children at home, in school, and with therapeutic interventions
- Assessment, treatment, and parent education services provided by Developmental Trauma Center clinicians, specifically trained in the Neurosequential Model of Therapeutics (NMT)

THERAPY
- Individual, family, and group counseling provided in-home and in-office
- Trauma-focused counseling using evidence-based practices

COACHING AND EDUCATION
- Classes for parents and caregivers
- Mentoring for young parents
- Comprehensive support for families faced with stressors such as safety, shelter, unemployment, and parenting
- Advocacy and financial sustainability services for women, many of whom have been impacted by domestic violence
- Trauma training for professionals

FOSTER CARE AND ADOPTION
- Foster care case management, as a member of Children’s Permanency Partnership
- Recruitment, training, and licensing for foster and adoptive families

THERAPEUTIC PRESCHOOL
- Highly structured environment utilizing trauma-informed, developmentally sensitive interventions for children ages three to five who have experienced early adversity
- Individualized approach helps family members, teachers, therapists, and other professionals best meet the needs of each child in the program

CARE FOR CHILDREN WITH DEVELOPMENTAL DISABILITIES
- Long-term, 24-hour residential care for non-ambulatory children ages zero to 21 with significant medical needs, offering individualized habilitation programs to maximize physical, emotional, and educational growth
- Short-term, 24-hour respite care for non-ambulatory children ages zero to 21 with significant medical needs, offering flexibility and support for families
