Who We Are

OUR MISSION

FamilyForward moves vulnerable children in the direction of hope by delivering comprehensive therapeutic and educational services to support biological, foster, and adoptive families.

SERVICES FOR CHILDREN AND FAMILIES

At FamilyForward, we are dedicated to making a transformative difference in the lives of children who have experienced abuse or neglect. Through trauma-informed therapeutic services, we help children heal, empower families, and strengthen the communities around them. Our services are designed to meet the unique needs of each child and family we support.

In 2024, we served **5,546 children, families, and community members** through our comprehensive programs.

A FEW WAYS WE MADE A DIFFERENCE:

- ▶ We supported **601 clients and their families** with prevention and early intervention services, helping to mitigate the potential impacts of early childhood trauma.
- ▶ We provided **106 children** with occupational therapy services, addressing their sensory and motor skill needs.
- ▶ We supported **1,056 clients and families** by completing trauma assessments and psychological evaluations to develop individualized care plans.
- ▶ We supported **24 students** in our therapeutic preschool, providing a nurturing and structured space for growth and development.
- ▶ We invested in **6,285 hours** of therapy, including individual, family, and group sessions, to strengthen family relationships and promote healing.
- ▶ We Supported **1303 family members** navigating the foster care system by providing case management, training, and licensing services to support foster and adoptive families.

“ ... we tailor recommendations to each family's unique needs. Whether that's **Group Therapy** to offer additional social skills and give them interaction with other kids who've been in similar situations; **Caregiver Education** to explore the challenges they're facing at home and talk about how trauma has exacerbated some of those behaviors; or **Occupational Therapy** to support their sensory needs... it's about **MEETING THEM WHERE THEY ARE** and walking alongside them every step of the way.” - **Sophia Matthews, Therapist**

BREAKING THE CYCLE

Today, one in seven children will become a victim of abuse or neglect, perpetuating a cycle of intergenerational harm. Scan the QR code to discover how FamilyForward is actively working to break this cycle and support vulnerable children and families in St. Louis.
